HIGHWAY SAFETY DIRECTOR FEELS PRESENT SYSTEM PROTECTS GUILTY PARTIES

The Director of the Maine Highway Safety Committee is concerned with the latest trend in criminal cases which seem to protect the guilty and leave the innocent to fend for themselves.

Peter A. McKenney joined law enforcement officials in criticizing trends in enforcement. He said that guilty drivers often go free simply because they pit the services of an attorney against a police officer. McKenney said that the police officer is trained to gather evidence and present that evidence at the time of trial. The legal procedure, under the American system of jurisprudence, is left to those trained as lawyers. "However," said McKenney, "the police officer often finds himself as the prosecuting officer, a job for which he is not only ill equipped, but one that demands the services of a trained attorney."

McKenney admitted that county attorneys are responsible for prosecuting traffic cases, but pointed out that the case load is so heavy that the part-time county attorney is swamped only with the more pressing cases. It is rare when he can find the time to prosecute a regular traffic offense and even more when he can put the necessary time into preparing a case against a more flagrant violator. "The system is now turned towards the police officer for the bulk of the prosecution and he finds himself in the troubled position of prosecuting his own case in a so-called impartial manner," the safety director said.

McKenney said that full time county or district attorneys will alleviate the problem.

The monthly meeting of the W. S. C. S. will be held at the Methodist Church on Thursday, March 21, at 7:30. Hostesses are Mrs. Dorothy Abbott and Mrs. Annie Gordon. Mrs. Jackie Stebbins has the program and will give a talk on Vietnamese women.

WHAT DO TITLE III FUNDS MEAN FOR STUDENTS OF TELSTAR REGIONAL H. S.?

Ralph K. Ryder, Superintendent of Schools, and the Directors of Maine School Administrative District 44 were recently notified by the office of Education in Washington, D. C., that an application for federal funds under E.S.E.A. Title III had been granted. The grant for \$36,000.00 will enable the teachers and administrators to study and adapt flexible modular scheduling at Telstar Regional High School.

Modular scheduling is not new, and this is not an experiment. The basis for the SAD 44 grant is to develop a manual method of programming flexible school and student schedules without the use of electronic data processing. Up to this time, most flexible scheduling has involved the use of computerized machines. The computerized method is costly to a district, and many times, not within the budgetary means of a community. Because of budgetary limitations, students in rural areas can not experience the benefits which flexible schedules can provide. The anticipated manual method will hopefully provide this flexibility at less cost.

What is modular scheduling? A module, as referred to, is a unit of time. Many schools are programmed on standard 45 or 50-minute modules or standard classroom periods. Under the proposed method, a large 45-minute period is broken down into parts which are also called modules or "mods." It is anticipated that Telstar will be scheduled on the basis of 24 fifteen minute modules per day. A class period will be multiples of several of these 15-minute modules. For example, a class may meet for 30, 45, 60, 75 minutes, or any number of these 15-minute modules as determined by the nature of the material being

COMMENTS FROM THE TOWN MANAGER'S OFFICE

Leo Gagnon, Assessors' Clerk from Rumford, is to meet with the selectmen Monday, night, March 18, to discuss land values here in Bethel. Mr. Gagnon has done the routine work on assessing here in town for some time. This year Rumford has had a revaluation and his experience with that should be of assistance doing our assessing.

Taxpayers may send the lists of their property to the Town Office anytime, providing the items on the list are what they will have on April 1. We have received several. If these are sent in promptly it is a great help, also the taxpayer protects himself by having a list on file.

POINT IN PASSING

The person who has polio experiences just as many emotions just as intensely as the person who lacks polio. The difference is that when the polioed person feels the stress of fear, anger, anxiety, etc., he does not reflect it in his speech, actions or gestures. The polioed person has developed attitudes toward himself and others which reflect security instead of stress; he has self-confidence and self-respect.—Edward R. Pinckney, M. D., and Cathey Pinckney.

She has taught in Morocco; Dreux, France; and at the University of Maine and Gould Academy. She at the present, is residing in France.

Eight members of the board of directors were sworn in before the start of the meeting as follows: Theodore Chadbourne, William Cousins, and Joan T. Wiese, all of Bethel; Richard Melville, of Greenwood; Milton Mills, Woodstock; Paul Wight, Newry; John Ricker and Eddie Snyder, both of Andover.

The directors approved in principle a sabbatical leave policy. The policy deals with a full year's leave for further study or educational travel with half pay after seven consecutive years of service in the district, depending upon the district's requirements. The board decided further details would have to be decided later after a more detailed report was submitted by Supt. Ralph K. Ryder.

Mr. and Mrs. James Hutchins and family moved over the week end to their new home on Bridge Street, which they recently purchased.

STATE TO POISON FOXES IN ATTEMPT TO CONTROL SPREAD OF RABIES

The geographic spread of the areas of rabies involvement in wildlife has placed the urban areas of Lewiston-Auburn, Augusta, Waterville, and possibly Bangor-Brewer in the path of the spreading epidemic. The Division of Communicable Disease Control announces that the foxes carrying the disease have crossed the Kennebec and Androscoggin Rivers which previously constituted a barrier to the spread of the disease. This movement directly threatens some of the more heavily populated areas of the state. Residents of these areas are warned to have their pets immunized against the illness and avoid contact with wild animals under all circumstances.

Lewiston-Auburn held a very successful animal immunization clinic under the sponsorship of the Androscoggin County SPCA in October, 1967, and this single move has provided a significant margin of protection for the residents of these areas and has assured many pet owners of the safety of their pets. Other similar community sponsored clinics have been held in Skowhegan and Livermore Falls. Maine veterinarians are well versed in the immunization procedures necessary to prevent rabies in animals.

Recently cases of rabies in foxes have been reported in Bethel, Chesterville, Farmington, Starks, Anson and Skowhegan — these cases are closer to the cities mentioned than ever before.

To Set Poison Bait

To reduce danger in the involved areas, the Department of Health and Welfare and Inland Fisheries and Game will poison foxes. The poison baits will be handled by trained personnel and will be retrieved by April 12 if not taken. The Department is concerned, however, that a few dogs may be accidentally poisoned if not confined for this entire period March 18 - May 1. The areas to be poisoned are two. One lies in Franklin, Oxford, and Somerset counties, and lies north of Norway, and west of Skowhegan. The other area is in Penobscot and Aroostook counties and lies north of Hainesville and Monarda, east of Millinocket and Fort Kent and south of Connor. In addition, the possibility that baits may be moved, covered by snow, or lost exists — therefore, area owners must confine their pets until May 1 to be sure.

Schedules and towns for fox poisoning program:

Area One — Franklin, Oxford and Somerset Counties — March 18-22: Stoneham, Mason Twp., Albany, Bethel, Greenwood, West Paris, Woodstock, Milton, Peru, Dixfield, Rumford, Norridgewock, Skowhegan, Mexico, Canton, Jay, Wilton, Farmington, Chesterville, Vienna, New Sharon, Starks, Madison, Solon, Bingham, Moscow, Anson, Embden, Concord, Pleasant River Plt., Mercer, Kingfield.

March 25-April 12: Parker-town, Lincoln Plt., Magalloway Plt., Upton, Grafton, Riley, Gil-ead, Newry, Richardsontown, Adamstown, Lower Cupsuttie, Doyle, Rangeley Plt., Byron, Roxbury, Carthage, Weld, Sandy River Plt., Dallas Plt., Lang T2 R3, Colpin Plt., Redington, Madrid, Phillips, Avon, Perkins Twp., Freeman, Twp., Salem Twp., Mt. Abraham, Crockettown, Jerusa-

MEETING MARCH 25 TO DISCUSS POLLUTION CONTROL FACILITY

There will be a public meeting held at Odeon Hall, on Monday, March 25, at 7:30 p. m. to discuss the proposed pollution control facilities for the town of Bethel. These proposals are from a report prepared by the Edward C. Jordan Co., Inc., of Portland, civil and sanitary engineers.

The report and recommendation of the Jordan Company were financed by a planning grant by the Maine Water and Air Environmental Control Commission and a planning advance by the U. S. Department of Housing and Urban Development. A representative of the Jordan Company will be present at the meeting to explain his firm's proposal and answer queries concerning financing, etc.

It has been estimated that the total cost of the project will be about \$520,000. Depending on the availability of various State and Federal funds, it is anticipated that local cost will be in the \$150,000-\$200,000 range.

Also slated to be discussed at the meeting is "An Act to Create a Sewer District in the Town of Bethel." This act was enacted by the 103rd Maine Legislature, subject to approval by Bethel voters in referendum. The Bethel selectmen have expressed opinions favoring the formation of a district, rather than operating the sewers and treatment facilities as a municipal department.

BETHEL FIRE DEPARTMENT ELECTIONS OFFICERS

At their annual meeting last Thursday evening, March 7, the Bethel Volunteer Fire Department elected the following as officers: Chief, Harold Carver; 1st Assistant Chief, Robert Davis; 2nd Assistant Chief, Harold Rolfe; Captain, Lawrence Davis; 1st Lieutenant, Dennis Wilson; 2nd Lieutenant, Thomas Kennagh; Clerk, Hugh Chapman.

PLANS BEING CONSIDERED TO BUILD CATHOLIC CHURCH ON ROUTE 26 LOCATION

At a meeting of the Bethel Catholic Council held last week it was unanimously voted that a Catholic Church be built here. Under the direction of building chairman, Maurice Roy, Bethel, plans were gathered for consideration with ground-breaking slated for the spring.

Initial plans call for an A-frame type of construction capable of seating up to 400 to be situated on land owned by the Church directly across from the new Telstar Regional High School. A multi-purpose building is envisioned; one which may be used for recreational, educational and social purposes as well as religious functions.

Members of the Bethel Catholic Council are: John Frankiewicz, Chairman; Frank Vogt, Vice-chairman; John Price, Maurice Roy, Susan Farrar, Charles Farrar, Kay McMillin, and Michael O'Donnell of Bethel; Malcolm Packard and Connie Blanchard of Locke Mills.

Jerome Wyman, Andover, Rangeley, Temple, Industry, New Vineyard, New Portland, Lexington, Highland Plt.

The Department has stated that the control program cannot in any way be harmful to people.

THIRD GRADE BROWNIES

Third graders didn't have Scouting last year. The members are Nancy Brown, Brenda Buswell, Sandra Carver, Carolyn Cousins, Gail Dooen, Lauri Littlefield, Pauline Roy, Roberta Saunders, Cheryl Sessions, Catherine Smith, Betsy Terwilliger, Susan Vogt, Lorna Bean, Arlene Gilbert, and Robin Snyder. Leaders are Mrs. Leslie Smith and Mrs. William Cousins.

At our first meeting we heard the Brownie story and started learning our Brownie Promise and the Brownie B's. During our next two meetings we worked on situations which are made of oilcloth and newspaper. The last Thursday in November we made Advent wreaths with a candle to light each Sunday before Christmas. Then we made Christmas ornaments with eggshells and plastic foam and glitter. We sang Christmas carols. On December 13 we got our pins and ate the other kind of brownies. We made paper Christmas stockings with gifts of time in them for our parents. Our first meeting of 1968 was a Tenth Day of Christmas Party. We planned to have a Valentine Tea for our mothers. We acted out introductions wearing hats and gloves. Then we worked with real blue clay that comes from the ground. That was messy but fun. On Jan-

CARD OF THANKS

Card of thanks to the voters of Bethel for the judgement displayed in passing over the appropriation for insect control.

As an observing and practicing conservationist of many years I am convinced that the annual broadcast of poisonous spray kills useful insects and valuable song birds. (Do mosquitoes feed on foliage?)

As a result of your wisdom the summer of '68 promises fewer dead pollinating bees, fewer flower gardens and rose beds spoiled by sprayed oil solution and fewer leafy vegetables made unfit to use for greens and salads.

It promises fewer dead robins on the golf course and campus and fewer families of helpless nestlings left to starve.

uary 25th Mrs. MacKay came to our meeting and helped us decorate cookies for our tea. They were beautiful in pink and green. We enjoyed that a lot. We have been working on our flag ceremony since the beginning of the year and can do it very well now. We made Valentine Invitations for our tea and colored a tablecloth to use. We had our tea on February 15th and nearly all our mothers came. We showed them our Brownie Ring and flag ceremony and ate our beautiful cookies. During vacation we took a two mile hike up a logging road in East Bethel with Mrs. Smith and Mrs. Littlefield. We had hot cocoa to go with our lunches and had a fire so we could cook marshmallows and make some-mores, but the chocolate was practically frozen. We picked up cones, moss and bark and made figures from these at our next meeting. We made place cards for the Father-Daughter Banquet and wrote invitations to our fathers. The West Bethel Brownies joined us for the rest of the year at this meeting and Cheryl got her pin and we ate brownies again. Gail Dooen, Cathy Smith and Susan Vogt were supposed to read this news at the banquet. Our display is at the Post Office.

"20 SECONDS WITH THE NAZARENE"

"Jesus said unto him, I am the way, the truth, and the life; no man cometh unto the Father, but by Me." — John 14:6.

There are not many ways—only one way. The Lord Jesus Christ Himself is the Way—the Truth—the Life.

It has been expressed in this manner. "Without The Way, there is no going. Without The Truth, there is no knowing. Without The Life, there is no living."

RABIES CLINICS TO BE HELD IN AREAS NOT PREVIOUSLY BENEFITTING

Maine State Department of Agriculture personnel will conduct clinics for the inoculation of animals against rabies in several townships which have not yet had the benefit of this service. The border of the rabies epidemic area in the Northwestern part of the state has been progressively moving southward and eastward toward several of the state's more heavily populated areas. This winter the illness crossed the Kennebec and Androscoggin rivers carried by foxes which were presumably able to cross these rivers on the ice. It has been shown in other areas that rivers constitute natural boundaries to the spread of rabies in foxes, but this has been only in areas where the rivers do not freeze.

To counter the threat posed by this migration, Agriculture personnel will conduct clinics along the advancing boundary of the rabies epidemic line in order to provide a "buffer zone" of immunized domestic animals and thereby set up another shield to protect humans from the disease. Dr. John Woodcock, State Veterinarian, announced that clinics would be held in: Fryeburg, March 19; Norway and South Paris, March 20; Belgrade, March 21; Jay, March 22; Madison and Ashland, March 29, on the dates indicated. No charge for this service will be made.

Dog ownership carries with it the responsibility of protecting friends and neighbors from rabies which a dog owner's pet might acquire from undiscovered contact with a fox. Immunization of the animal can prevent this transmission.

Dog owners are warned to confine their dogs in the rabies area until May 1 at which time any poison bait inadvertently missed by the fox poisoning teams will be rendered safe by the weather.

Alan Walker, Westbrook, spent the week end at his home in Northwest Bethel.

LEGION AUXILIARY

A business meeting at 8 o'clock followed the meeting. Sixteen members were present and five officers answered roll call. It was announced that 20 packages of soft-covered books were packed and sent to South Vietnam and an infant's layette to Malaysia by the Legion and Auxiliary.

Donations to Easter Seals foundation, USO and one to Pride Training School, the last by request of a convalescing veteran. Three markers are to be ordered for deceased members on line for Memorial Day. The Oxford County Council meets with the Post and Auxiliary on Tuesday, March 19. The county's Girls State delegate, Kathy Campbell, of Canton, will give her report of her week's stay at Colby College for 1967. State President Ruth Drake, Department Secretary Isabel Pinkham and Eleanor Drinkwater, first vice president of the 2nd District will be guests. Carolyn Brooks is chairman of refreshments.

March 6: Well we went to Auburn. Had to leave the car came home in a brand new Chevy Nova Sport Coupe '68. Ate chicken sandwiches riding. Got 1/2 gallon ice cream which we ate when we got home. Went back Thursday to get our own car.

Bettina Roberts was the first to get this cold then Julie and Steven. Runny nose, cough, sore throat. Now, I, Maude Brown, ache every place but my throat. My dinner nauseated me. The girls are well enough to go to school and Steven to play with his new match box city. I believe I'll live.

March 7: I love these people of whom I read in the little Bethel Citizen, some of whom I know, and some I know by sight not through names. Some wrote me when I was having all my troubles last fall.

My sister, Edith, and Harold Jarvis took fish supper (dinner really) with us, Francis and Elaine Roberts Friday, spending the evening talking about cellars getting very chilly, an old fashioned winter — need put the lantern in the potato bin.

Francis, Elaine, children, the mother, Grandmother Maude Brown went to Littleton, N. H., Saturday to visit Mr. Roberts family. Some swell folks! We sing, dance, play accordion. Ida Boynton's piece is learning. They went to a dance to the Hayloft and to the Eagles Club. Back at 1 o'clock to play, sing, and dance till 4 o'clock. I got 3 hours sleep I believe. Just as we were leaving, sister Julia and Dick came. We got home at 4:30 back to Maine. Sunday morning the mother, Mrs. Lula Roberts came for dinner at 2 o'clock.

Ella Dyer spent Wednesday with Agnes Coffin and Cora Millett also visited Lula Davis at Bethel.

Mr. and Mrs. Albert Cox went to South Paris Sunday. Called on her uncle, William Cushman, also called on Ruth's mother, Mrs. Clare McDonald and her grandmother, Lula Lubeck, who is quite feeble and their daughter, Martha Ricker.

Stevie Milligan called on the A. Cox's selling garden seed.

Mr. and Mrs. Harris Bernier and friend, Mrs. Packard, called on Mrs. A. Cox and Mrs. Ella Dyer Tuesday, 5th.

Sunday, Ella Dyer called on Harry Poland and Emma Farnum. Took her for a ride to Norway to her nephew's, Clyde Hemingway's.

Ella Dyer spent Tuesday afternoon with her niece, Mrs. Adelle Childs.

Ruth Cox got a call Monday evening from her brother, James Russell, of New York. As of March 23 he is leaving New York. He has a job as head scenic designer and costume designer for the Albany Playhouse at Albany, Pa.

Sunday, 3rd, Ella Dyer spent the day with Mr. and Mrs. Harris Bernier.

Mr. and Mrs. Sanford Ricker and children, Emory, Ruth, Dale, and Wayne, took dinner with Mr. and Mrs. A. Cox. They went ski-dooing while they were there, also Tommy Morgan. Mrs. Cox made a birthday cake for Dale.

Ella Dwyer and R. Cox got word Friday that their nephew, Harry Floyd, of Sanford passed away suddenly. He was grandson of Sidney Russell, son of Marie Russell.

GREENWOOD CITY

Mrs. Collette Morgan, Correspondent.

Most Saturdays this winter I have been content to stay inside and observe from my windows as I cleaned, washed, cooked and did all the other necessary things. The knife-like winds were always there and I thoroughly dislike the winter wind.

This Saturday was different, so beautiful with its shifting shadows and warmth. I longed for a tingling scramble to the highest ridge to look for the changes in the land, trees, brooks, and all things of nature. It is a little early yet but they will be there for the snow, sun, rains and the winds surely have strengthened the forest beauty. The wind has a universal influence on our trees. It seeks to find them all, the towering pine or lowly bush.

While the snow may bend them, the lightning take one here or there, the winds whisper among them, exercising them or fingering each leaf, gentle as a child. But the change can be sudden, as in a storm. Then there is a roaring, like the sea as the winds pass, on plucking leaves and an occasional limb. We wonder at times how any survive but after the storm is over there they stand, tranquil, the same forest towering fresh and majestic. Thus the forests welcome the winds and the winds the forest.

Yes, there are still places where forests grow; Where quietness reigns and little brooks flow. Look to them and leave your care. You'll find rare beauty, for it's always there.

H. Van Dyke who saw the lovely things of nature puts it better this way in his "Salute to the Tree".

"A pillar of power, a dome of delight, A shrine of song and a joy of sight!"

There's a little thatch-roof cottage In a land that's far away, Near a meadow green with shamrock Where the elves and fairies play. (Holmes)

Thus we think of the Emerald Isle, the shamrock, St. Patrick and the Irish this week.

What is an Irishman? Barbara Burrow tells it this way:

What is an Irishman? He is the proudest of men. He goes his happy way with a lilt in his step and a song in his heart. This delightful, dynamic creature is gloriously in love with life!

What is an Irishman? He is a man who immensely enjoys himself and the world around him. He throws back his head to roar with the pure delight of living. He opens his heart to drink in the wonders of creation and to listen to the language of the birds and the wee small things that call out to be heard.

What is an Irishman? He is a man of song—gay lilting songs of the little people; loud, robust songs of the battles and victories of his beloved Ireland. He is a talking man, and his beautiful words can turn a simple tale into a soul-stirring saga. And Oh! his gift for blarney will forever be unequalled and unchallenged! What is an Irishman? Why on

WOODSTOCK

A special week-long series of programs for the youth begins Saturday, March 16, at the South Woodstock Seventh-day Adventist Church, and continues each evening at 7:30, until March 23. It's unfortunate that the only thing some of the older generation can recall about today's youth is some sensational story they've read about hippies. The vast majority of American—and Adventist youth don't grow beards, don't dress sloppily, and don't go a month between baths. These special meetings are designed to encourage both senior and junior youth to strengthen themselves spiritually by applying Christian principles more faithfully to their every day lives.

All youth from surrounding towns are invited to attend.

FATHER-DAUGHTER BANQUET SUCCESSFUL

About 128 Girl Scouts, Cadettes, Juniors, Brownie Scouts and their fathers attended a most successful Father-Daughter Banquet on Saturday evening at the Congregational Church. Food, good spirits and proud fathers were in abundance as the Scouts provided Birthday Cakes to Scouting that they made themselves, and a skit of clever entertainment.

Scout Leader Peg Vaughan wishes to thank all those responsible for making this one of the most successful such affairs. And a special thanks to all members of the kitchen and serving crew, Troop Committee, Legion Auxiliary and mothers—their efforts kept things rolling along smoothly and kept the food coming. A real tribute to what community effort can do for Scouting. Thanks.

SOUTH WOODSTOCK

— Mrs. Olive Davis, Corrae. —

Crows have arrived in our community. Presumably they are after the food bluejays and squirrels have taken from the bird tray and scattered in the nearby woods. It can't be long before robins will make their appearance. Bluebirds usually come too but because of their scarcity many people never see them anymore. We have been fortunate in being entertained by two pair who have made their home in our orchards in the past. Song sparrows, phoebes, chipping sparrows, and red winged blackbirds are other birds to be watching for in the early days of spring.

Mr. and Mrs. Ellis Davis were in Newry at Bear River Grange to attend Oxford Pomona No. 2 which was entertained by that Grange Tuesday evening, March 5.

Many attended Town Meeting held at the Bryant Pond High School gym. The Willing Workers served doughnuts, coffee and cookies at the meeting. Esther Davis was in charge of refreshments.

Mrs. Myrtle Richardson visited at Mr. and Mrs. Harlan Andrews over the week end.

The Willing Workers will meet with Mrs. Miriam Morgan and Mrs. Sheryl Wilbur, March 14.

SOCIAL SECURITY SET-UP NO FOR YOUNG

It has often been said that men create war to fight. But the validity of this claim is now being tested by men who are voting for Social Security. Their contemporaries are financing the young.

Under Social Security, this year's "young man" within 3 1/2 years and his employer will have paid \$5,235 on his years.

On the other hand, starting work, paying the maximum next 40 years, he will "return" even if he is useless despite his youth.

This young man will contribute \$4,000 to the four decades of the Medicare program. The Medicare program is a social security program at the low rate of 1.5 percent of his salary.

To deplete such a fund, Social Security man and his wife must live past his 88th birthday. If he dies before the interest, at 10 percent, is paid.

However, if he is widowed at age 65, he may possibly receive payments. His benefit of \$218 a month is less than the interest on \$73,275, so this amount is never touched.

Even touching the money would mean a loss of \$1,000 a year. This startling fact is a study by the National Federation of Independent Business, while Social Security benefits today will pay a premium for his elders.

Even discounting the Social Security or the disability and insurance portions of day's young people, they will live longer than a fraction of the contributions made in their youth.

Discounting this maximum employment contributions for years will be \$25,000 per cent interest, \$58,620.

Comparable figures 31 years of Social Security, \$4,188 and \$6,201. These are maximum out Medicare. On the other hand, it is possible that an employee whose employment is terminated at age 65 (with interest) is a loser.

The Social Security by the employee and his employer began in 1935. The first \$7,800 of income will reach 5.1 with today's young man will pay 5 per cent time earnings to Social Security. And his boss will amount.

Under present law, December, if his income is above \$7,800, young employee will pay \$15,645.50 in six decades.
